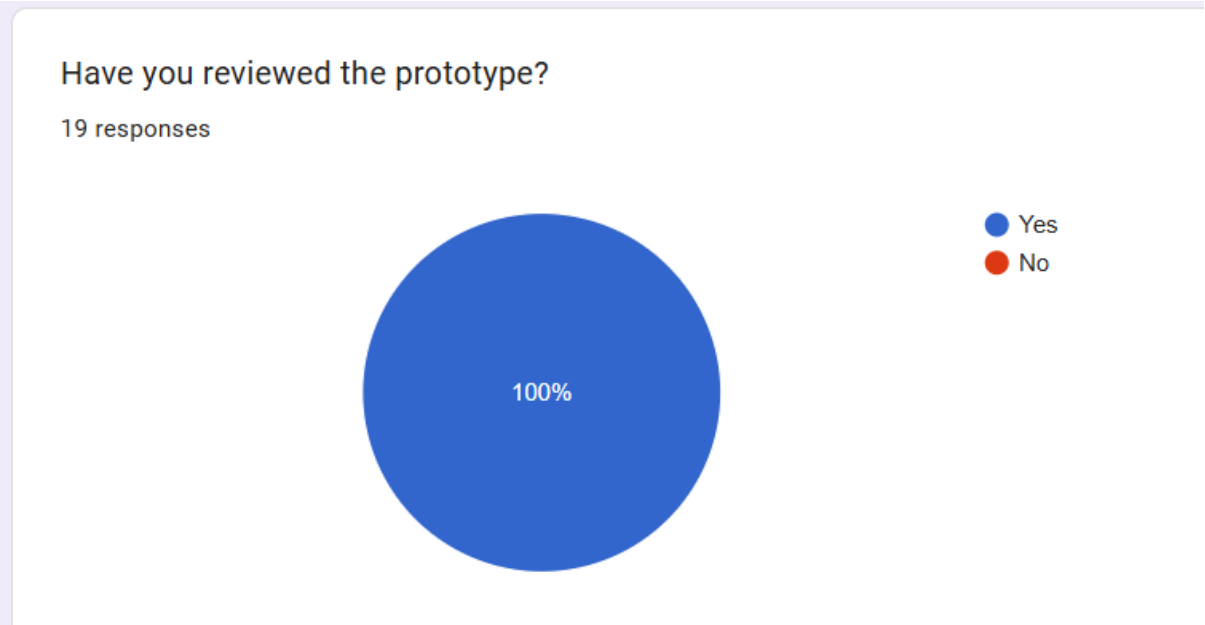
EXPERIMENT – 7

NAME : D.SARVESHVARAN **ROLL.NO:240701480**

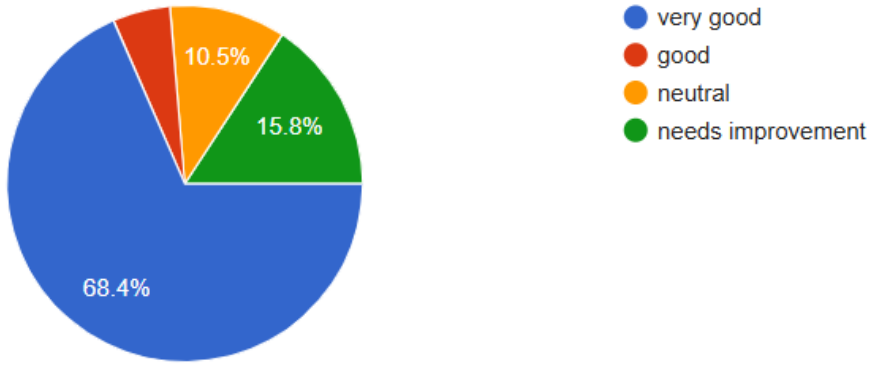
Experiment with different layouts and color schemes for an app. Collect user feedback on aesthetics and usability using GIMP (GNU Image Manipulation Program GIMP

Google form feedback responses :



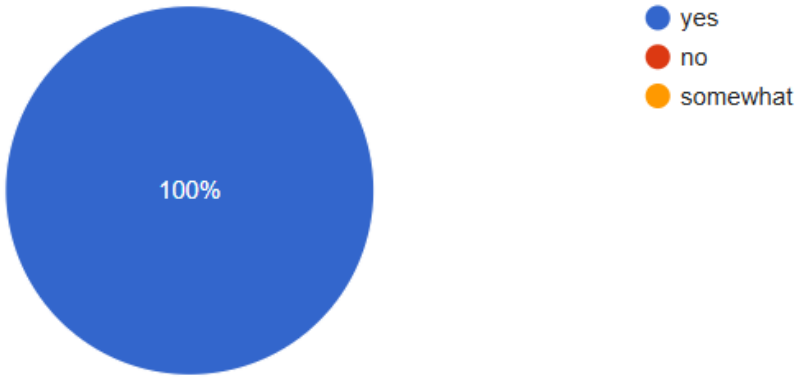
How do you feel about the color scheme?

19 responses



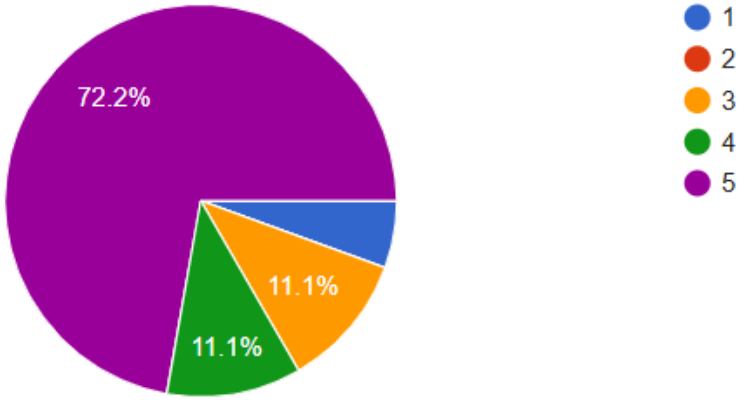
Is the text readable and clear?

19 responses



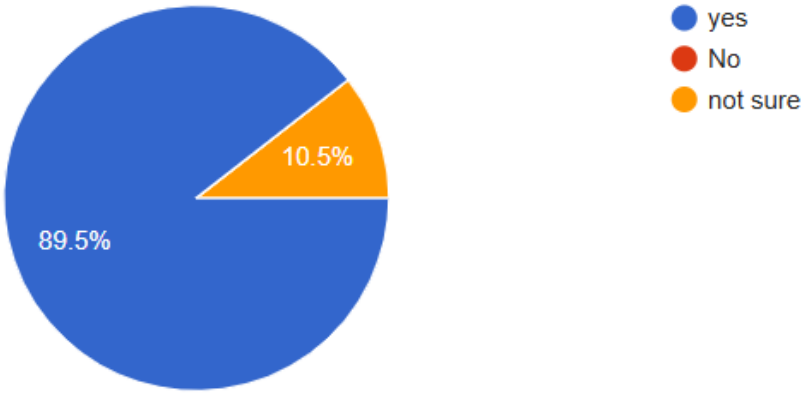
Does the layout look clean and organized?

18 responses



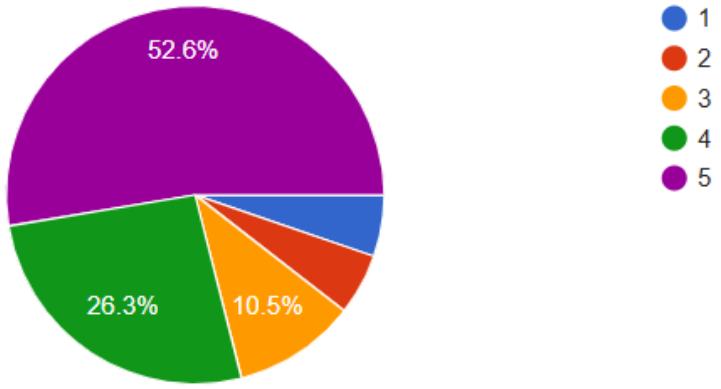
Are buttons/icons intuitive?

19 responses



How satisfied are you overall? *

19 responses



DESIGN REFINATION :

1. Improved Icon Usage

- Replaced basic icons with context-aware icons (profile ,achievements , mail box).
- Added small labels below icons to improve clarity.
- Ensured icons are consistent in style .

2. Enhanced Color Scheme

- Implemented **modern gradient colors** instead of plain colors.
- Used **dark theme with vibrant accent colors** for better visual appeal.

3. Introduction of "More Info" Feature

- Added **"More Info" button** for detailed view of sports venues.
- Displays additional details like **amenities and ratings**.

4. **Improved Layout and Arrangement**

- Replaced simple list view with **card-based grid layout**.
- Organized content into **sections (image, price, rating)**.

5. **Better Image Understanding**

- Added **text overlays on images**

6. Interactive Time Slot Booking System

- **Replaced manual time entry with an interactive time slot selection interface.**
- **Implemented a visual timeline/grid-based selector for easy navigation.**
- **Enabled users to select slots directly instead of typing time, reducing errors.**
